KYOCERA
ACCUSENDER®

# A SIMPLE AND SECURE WAY TO E-MAIL SCANNED DOCUMENTS.

SCAN AND DISTRIBUTE LARGE FILES WITHOUT SIZE LIMITATIONS.

In today's increasingly fast-paced business environment, factors such as mobility, cost savings, and the need for faster turnaround times have resulted in many businesses using digital solutions as the preferred method for sending documents to customers and co-workers. The e-mail size restrictions of many servers, however, has made sending large files difficult, requiring complicated and time-consuming ways to get them to their destination. KYOCERA offers a simple solution to transform large hard copy documents into digital files that can be sent quickly and easily, regardless of file size, using your existing KYOCERA MFP.
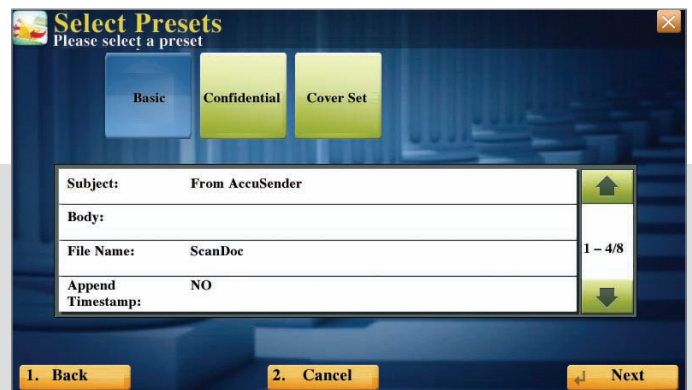

KYOCERA'S ACCUSENDER IS A SIMPLE, SECURE WAY TO SEND LARGE SCANNED DOCUMENTS TO MULTIPLE DESTINATIONS VIA E-MAIL FROM SELECT KYOCERA MFPs.

File Protection
Please select a file protection

✓ Do not protect file
☐ Prompt for password

SYSTEM REQUIREMENTS

› Supported file format for print and scan: PDF
› Resolution: 200dpi, 300dpi, 400dpi
› Supported Languages: English
› A valid Hightail account per user is required to use this function of AccuSender. Users can sign up for a Hightail account of their choice at www.hightail.com

KYOCERA's AccuSender capture and distribution business application is a secure and reliable way to e-mail scanned documents of any size to multiple destinations. Utilizing either the file split function or the Hightail component, a leading third party provider of file transfer and collaboration services, and working directly from your existing KYOCERA MFP, you simply scan your file, enter the destination(s), select e-mail and delivery options, and send your document. Recipients will receive an e-mail link to the file, which they can then download with a single click. With AccuSender, the process of sending large PDF files is seamless and secure. Take advantage of presets including cover page, delivery confirmation, setting of expiration dates on sent files, and file protection for added security. AccuSender, combined with Hightail, brings another level of versatility to your KYOCERA MFP, while helping to maximize workflow efficiency across your business.

ACCUSENDER BENEFITS

› Scan and e-mail large documents without restrictive e-mail server size limitations
› Password protect files to ensure document security and compliance
› Barcode routing sheets allow sending to multiple destinations quickly in one batch
› Document stamping - including Bates stamping - addresses compliance requirements
› Send option allows you to choose between an LDAP lookup, recent e-mail, fax destinations or send to self
› Delivery confirmation via e-mail ensures receipt of scanned document
› Conveniently add cover pages at the control panel
› Utilize existing corporate or individual Hightail accounts, whether Lite, Professional, Teams or Enterprise
› Protect critical information through document retention, storage and destruction scheduling
